

KINETIC
ENGINEERING LTD.

ANNUAL REPORT

2021-22

Akinkya Firodia
MD, Kinetic Engineering LTD.

THE TIDE TURNS

As we completed our 50 year anniversary, the tide seems to have turned. After a long period spanning more than 15 years, and much efforts by the entire team at Kinetic Engineering Limited, the company has had entire year of net profits! Indeed this is a special year and a reason for celebrations! It marks the complete changeover to a recognised, profitable & capable auto – systems manufacturer.

Your company reported full year revenue of Rs 124.35 cr., up from Rs 87.03 cr. in the previous financial year, a jump of 43%. Its profitability also has significantly improved with a 106% increase in EBITDA at Rs. 14.41 cr. compared to Rs. 6.99 cr. last year. The Company's bottom-line evolved from a net loss Rs. 611 lacs FY 2020-21 to a net profit of Rs. 154 lacs in FY 2021-22.

I applaud the efforts of the team for this success, which I hope & believe is just the beginning. And to reiterate my belief, I am pleased to inform you all that as promoters we have infused fresh equity capital into your company by converting my personal loan given to the company of Rs. 6 crores into equity shares, as I remain confident of sustained long term prospects for our company.

The principal message that I wish to send out to readers is that the performance of the Company during the last financial year is only minutely indicative of what may lie ahead. Having completed the transformation, and returned to profitability, we can now utilise our experience, infrastructure, technical capabilities, and brand in a manner that can catapult us with large momentum.

What shall lead this momentum? It is a focus on our core strategy – to continue to develop export business with global customers. I am proud to inform you that nearly 50% of our total business is now exports – a remarkable feat and achievement and true to our honorable PMs “make in India” concept. We hence reap the benefits of long term exclusive contracts with our customers delivering their high volume requirements across US, Mexico, Brazil, China, Russia, Chile, Argentina, Europe to name a few places. I am hopeful this focus shall be enhanced by adding more programmes and global customers or receiving the extension of current programmes. Similarly, our niche of making complete gearboxes for commercial vehicles has now expanded into the EV segment as we make rigid axle and transaxle gearboxes for electric 3 wheelers. This new exciting segment has opened up various possibilities into a bright future – to become the one stop shop of making EV transmission & axle assemblies to a variety of segments. We also now explore manufacture of chassis for electric 2 & 3 wheelers and are soon slated next year to lay a huge focus on our foray here for a parallel, long term sustaining strategy. Moreover, we continue to add customers and products in the farm segment, to hedge our dependence from on road auto only. This way, we have a 3 fold strategy that holds us to our overheads, markets and future.

So lets buckle the seat belts & lets zoom ahead!

6. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM has been uploaded on the website of the Company at www.kineticindia.com. The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited at www.bseindia.com. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com.
7. The AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circulars stated above in point no. 1.

THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

- (i) The voting period will commence at 9.00 a.m. (IST) on Monday, 26 September 2022 and will end at 5.00 p.m. (IST) on Wednesday, 28 September 2022. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of 22 September 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. DIRECTORS' REPORT 2021-22
(Including Management Discussion & Analysis)

Dear Members,

Your Directors have pleasure in presenting the 51st Annual Report on the business and operations of **Kinetic Engineering Limited** and the Audited Financial Statements for the financial year ended 31st March 2022.

I. Financial Performance & Business:

(INR in Lakhs)

Particulars	31 st March, 2022	31 st March, 2021
Total Revenue	12,435.34	8703.47
Profit/(Loss) before Interest, Depreciation, Tax and Other Amortizations ("EBIDTA")	1,441.12	699.14
Less : Depreciation and Amortization Expenses	646.68	677.68
Finance Cost	658.40	644.39
Tax Expenses – Net	-	-
Profit/(Loss) for the year	136.04	(622.93)
Other Comprehensive Income	18.02	12.20
Total comprehensive income/(loss) for the year	154.06	(610.73)

During the financial year, your Company has achieved a turnaround of its business after a long period of time by showing net profit quarter on quarter and for the entire year. The revenue of the company has grown by 43 % to Rs 124.35 cr., compared to last year's revenue of Rs. 87.03 cr. The company has recorded an EBITDA profit of Rs. 14.41 cr. compared to last year's EBITDA of Rs. 6.99 cr. a jump of 106%. Moreover, the company has shown a net profit of Rs. 154 lacs.

This turn around has been possible because of the company's strategy to control its costs through in sourcing of critical operations such as forging & turning; having a tight control on efficiency by its workmen, reducing rejection percentages by using the company's training center in Ahmednagar, and through tight control of all expenses. Whereas there has been equal focus on delivering the growing schedules of customers due to the pent up demand observed post covid. The company has proudly achieved almost 50% of its revenue through exports and continues to enjoy the benefits of high volume & long term contracts with its global partners.

Your company would like to thank the efforts of all team members and vision of the management in order to achieve this historic turnaround.

New products and capital expenditure:

The company has decided to foray aggressively in the market of EVs. As you may be aware, there is tremendous growth in the EV segment, focused on 2 wheelers and 3 wheelers. Nearly 5,79,000 number of vehicles have been registered in a year alone in EV and is expected to grow at CAGR of 76% (2W) and 27% (3W). Hence the company plans to tap into this market by:

- **Exploring opportunities for making axles & gearboxes for the EV 3 wheeler segment** - In this initiative the company already has made upto 5 Kw rigix axle & transaxle solutions.
- **Exploring opportunities for making chasis for electric 2w and 3w** - In this initiative the company already has received an order to make the chasis of the upcoming electric moped, E – Luna and is developing various body parts for electric scooters/3 wheelers.
- **Tie ups with motor manufacturers for comprehensive solution** - In this initiative the company is devising the Kinetic Josh kit with a suitable manufacturer of motors to provide a motor + axle + gearbox + controller solution (one stop shop) to its customers.
- **Other initiatives that will pave way for a long term focus on EVs** - the company plans to explore any and all initiatives for tapping into the opportunities of this segment.

Employee Relations:

The company continues to enjoy warm relationships with its employees. Recently, the company had a 50 - year celebration where it commemorated all employees who have been with the company from 15 years to 42 years in a grand felicitation programme. Some photographs of the event are mentioned below.

The company also is in talks with its union for concluding on a new agreement and is confident of amicably settling the same and gaining further productivity from the employees.

Management Discussion and Analysis:

Risks:

The Company's sound risk management strategy attempts to detect various risks and continually devises risk mitigation strategies. The Company regularly monitors developments of Geo-Political Risks, Government policy risks, Raw material price fluctuations and their potential impact in the business. The company continue to cementing relationship with customers.

Opportunities:

The company sees major opportunities in exploring business in the EV space as described earlier. Since EV products cater not only to current OEMs but many new OEMs, it opens a box of opportunities. Being ahead in development of complex systems pertaining to axles & gearboxes and having a functional press & paint shop poses KEL ahead of others in becoming a one stop shop for EV solutions to both, OEMs and new players coming up. Moreover, using its international tie ups & bases KEL aims to strive to get collaborations/partners that can jointly cater to this segment and is in talks with various players for such initiatives.

KEL also sees a large opportunity in utilizing the strength of its known, established and loved brand name to aggressively tap opportunities.

KEL continues to develop and enhance its export portfolio, and is looking at extending its current contracts for the next terms. KEL also is exploring more focus on tractor segment, as a hedge against automobile and is adding various new customers here.

The new solar installation should bring positive increase in the bottom line, once the raw material prices stabilize. KEL sees these opportunities and a growing profitable situation to negotiate better terms with its bankers, suppliers & associates.

**REPORT ON CORPORATE GOVERNANCE
FOR THE YEAR ENDED 31ST MARCH, 2022**

1. Corporate Governance Philosophy:

The Corporate Governance standards demonstrate inalienable rights vested with various stakeholders, and strong commitment to values, ethics and business conduct. The Company is committed to good corporate governance, based on an effective Independent Board, separation of supervisory role from the executive management and the constitution of committees to oversee critical areas thus upholding the standards practically at every sphere ranging from action plans to performance measurement and consumer satisfaction.

Kinetic Engineering Limited Corporate Governance philosophy is about intellectual honesty, whereby the governance is not just about encompassing regulatory and legal requirements but also strives to enhance stakeholders' value as a whole. The Company's philosophy includes protection and facilitation of shareholders' rights, provide adequate and timely information and ensuring equitable treatment to all shareholders. The Company also ensures timely and accurate disclosure on all material matters including the financial situation, performance, ownership and governance of the Company.

2. Board of Directors:

2.1 We believe that our Board needs to have an appropriate mix of executive, non-executive and independent directors to maintain its independence, and separate its functions of governance and management. The SEBI (Listing Obligations and Disclosure Requirements) 2015 (hereby referred to as "Listing Regulations, 2015") mandate that for a Company with a Non-Executive Chairman, who is a promoter, at least fifty percent of the Board should comprise of independent Directors.

As on 31st March, 2022, our Board comprised nine members, consisting of a Non- Executive Chairman, one executive director and eight Non-Executive Directors where in five are Independent Directors. Two out of nine members are Women Directors. The composition of Board is in accordance with the requirements of Listing Regulations, 2015 & Companies Act, 2013.

All the directors possess the requisite qualifications and experience in corporate management and finance, banking and other allied fields enabling them to contribute effectively in their capacity as Directors of the Company.

All the Independent Directors of the Company furnish declaration annually that they qualify the conditions of their being independent. All such declarations are placed before the Board. Further all the Directors provide declarations annually that they have not been disqualified to act as Director under Section 164(2) of the Companies Act, 2013.

2.2 The Composition of the Board as on 31st March, 2022 and category of Directors are as under:

INDEPENDENT AUDITOR'S REPORT

To the Members of
Kinetic Engineering Limited

Opinion

We have audited the standalone financial statements of Kinetic Engineering Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2022, and the Statement of Profit and Loss (including other comprehensive income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, of the state of affairs (financial position) of the Company as at March 31, 2022, and its loss (financial performance including other comprehensive income), its changes in equity and cash flows for the year ended on that date.

Emphasis of Matter

We draw attention to the following matters in the Notes to the Standalone Financial Statements:

Refer Note - 44 describing the basis of company's ability to continue as a Going Concern.

Our opinion is not modified in respect of the above mentioned matters.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters ('KAM') are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matter described below to be the key audit matters to be communicated in our report.

The key audit matters	How our audit addressed the key audit matter
<p>Revenue recognition: The Company is engaged in manufacture and supply of automotive components to its customers both in domestic and international markets. Effective April 01, 2018 company has applied Ind As-115 accordingly Revenue is recognised upon transfer of control of promised products and services to customers. (refer note-2.6 to standalone financial statements).</p> <p>Ind AS 115 has been implemented starting from 1 April 2018. As a consequence, the Company has analysed its various sales contracts and concluded on the principles for determining the point of time for recognition of revenue from the Company's sales transactions.</p> <p>In view of the comprehensive change of the accounting standard applicable for the revenue and the re-evaluation of all contracts in this light, this aspect has been identified for enhanced attention in the audit.</p>	<p>Principal audit procedures: Our audit included but was not limited to the following activities:</p> <p>Control testing:</p> <ul style="list-style-type: none"> • Mapped and evaluated selected systems and processes for revenue recognition and tested a sample of key controls. <p>Test of details:</p> <ul style="list-style-type: none"> • Evaluated the Company's procedure in place for implementing Ind AS 115 and assessed whether Company's accounting principles comply with the new accounting standard. • Tested a sample of sales transactions for compliance with the Company's accounting principles. • Performed data analytical procedures to identify and evaluate a sample of manual journal entries. • Traced disclosure information to accounting records and other supporting documentation.

Other Information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance/conclusion thereon. In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone

financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

Annexure “B” to the Independent Auditor’s Report

(Referred to in paragraph 1(A) (f) under the heading, “Report on Other Legal and Regulatory Requirements” of our report on even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Kinetic Engineering Limited** (the “Company”) as of March 31, 2022 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our Audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an Audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the Audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our Audit involves performing procedures to obtain Audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our Audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the Auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the Audit evidence we have obtained is sufficient and appropriate to provide a basis for our Audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and

dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the criteria for internal financial control over financial reporting established by Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Kinetic Engineering Limited**Notes to Financial Statements for the year ended March 31, 2022****1. The corporate overview**

Kinetic Engineering Limited ('the company') is a public limited company domiciled in India and incorporated under the provisions of Indian Companies Act. The Registered Office of the Company is situated at D-1 Block, Plot No. 18/2, MIDC, Chinchwad, Pune. The company's ordinary shares are listed on the Bombay Stock Exchange.

The company is engaged in the business of supply of automotive components. The company caters to both domestic and international markets.

2. Significant accounting policies**2.1 Statement of Compliance**

The financial statements of the company comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The financial statements were authorised for issue by the Board of Directors at its meeting held on May 25, 2022.

2.2 Basis of preparation

The financial statements have been prepared on a historical cost basis, except certain financial instruments and defined benefit plans, which are measured at fair value.

2.3 Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is the company's functional currency. All amounts have been rounded-off to the nearest Lakhs, unless otherwise stated.

2.4 Significant accounting judgments, estimates and assumptions

The preparation of the financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions which affect the reported amounts of revenue, expenses, current assets, non-current assets, current liabilities, non-current liabilities and disclosure of the contingent liabilities at the end of each reporting period. Actual estimates may differ from these estimates.

Detailed information about each of these estimates and judgements is included in relevant notes.

The areas involving critical estimates and judgements are:

Estimation of current tax expense and payable – Note 14

Estimation of defined benefit obligation – Note 19 & Note 25

Recognition of revenue – Note 26

Recognition of deferred tax assets for carried forward tax losses – Note 6

Useful lives of property, plant and equipment- Note 3

Impairment of trade receivables – Note 9

Estimation and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

2.5 Current versus non-current classification

The company presents assets and liabilities in the balance sheet based on current / non-current classification.

An asset is current when it is:

Expected to be realised or intended to be sold or consumed in normal operating cycle;

Held primarily for the purpose of trading;

Expected to be realised within twelve months after the reporting period; or

Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

A liability is current when:

It is expected to be settled in normal operating cycle;

It is held primarily for the purpose of trading;

It is due to be settled within twelve months after the reporting period; or

There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

2.6 Revenue recognition

Effective April 1, 2018, the Company has applied Ind AS 115 which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Ind AS 115 replaces Ind AS 18 Revenue and Ind AS 11 Construction Contracts. The standard is applied by the company prospectively and the comparative information in the statement of profit and loss is not restated – i.e. the comparative information continues to be reported under Ind AS 18 and Ind AS 11. The impact of the adoption of the standard on the financial statements of the Company is insignificant.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer.

Revenue also excludes taxes collected from customers.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue (“contract liability”) is recognised when there is billings in excess of revenues.

Contracts are subject to modification to account for changes in contract specification and requirements. The Company reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

Dividend income is recorded when the right to receive payment is established. Interest income is recognised using the effective interest method.

Export benefits in the form of Duty Draw Back/ Merchandise Exports Incentive Scheme(MEIS) claims are recognised in the statement of profit and loss on receipt basis.

2.7 Inventories

Inventories are stated at the lower of cost and net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost, if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is ascertained on a weighted average basis.

Cost of raw materials, components, stores and spares comprises cost of purchases. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated based on normal operating capacity. Cost of inventories also includes all other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.8 Property, plant and equipment (PPE)**Recognition and measurement**

Property, plant and equipment are stated at cost comprising of purchase price and any initial directly attributable cost of bringing the asset to its working condition for its intended use, less accumulated depreciation (other than freehold land) and impairment loss, if any. Borrowing costs directly attributable to the construction of a qualifying asset are capitalised as part of the cost.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

Subsequent costs

The cost of replacing a part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the company and its cost can be measured reliably. The carrying amount of the replaced part is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in the statement of profit and loss as incurred.

Disposal

The gain or loss arising on disposal of an item of property, plant and equipment is determined as the difference between sale proceeds and carrying value of such item, and is recognised in the statement of profit and loss.

Depreciation

Depreciation is calculated over the depreciable amount, which is the cost of an asset, or other amount substituted for cost, less its residual value.

On PPE acquired on or before 31 March 2000: Depreciation is recognised in the statement of profit and loss on a written down value basis over the estimated useful lives of each part of an item of property, plant and equipment as prescribed in Schedule II of the Companies Act, 2013, as assessed by the management of the company based on technical evaluation.

On PPE acquired after 31 March 2000: Depreciation is recognised in the statement of profit and loss on a straight line basis over the estimated useful lives of each part of an item of property, plant and equipment as prescribed in Schedule II of the Companies Act, 2013, as assessed by the management of the company based on technical evaluation.

Freehold land is not depreciated.

The property, plant and equipment acquired under finance leases is depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the company will obtain ownership by the end of the lease term.

The estimated useful lives for main categories of property, plant and equipments are:

Category	Useful life
Building	30 to 60 years
Plant and Machinery	15 to 25 years
Electrical installation and Fittings	10 years
Dies, Jigs & Fixtures	10 to 15 years
Furniture and Fixtures	5 to 15 years
Office Equipments	3 to 5 years
Vehicles	8 to 10 years

2.9 Intangible assets

Recognition and measurement

Intangible assets are recognised when the asset is identifiable, is within the control of the company, it is probable that the future economic benefits that are attributable to the asset will flow to the company and cost of the asset can be reliably measured.

Expenditure on research activities is recognised in the statement of profit and loss as incurred. Development expenditure is capitalised only if the expenditure can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable and the company intends to and has sufficient resources to complete development and to use or sell the asset.

Subsequent measurement

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates.

Amortisation

Amortisation is calculated over the cost of the asset, or other amount substituted for cost, less its residual value. Amortisation is recognised in statement of profit and loss on a straight-line basis over the estimated useful lives of intangible assets from the date that they are available for use, since this most closely reflects the expected pattern of consumption of the future economic benefits embodied in the asset.

The estimated useful lives are as follows:

Asset	Useful life
Software	4 Years

2.10 Investment property

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the company, is classified as investment property.

Investment property is measured at cost less accumulated depreciation.

2.11 Impairment of tangible and intangible assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

An impairment loss in respect of goodwill is not reversed. For other assets, an impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

2.12 Foreign currency transactions and balances

Transactions in foreign currency are recorded at exchange rates prevailing at the date of transactions. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the statement of profit and loss of the year.

Monetary assets and liabilities denominated in foreign currencies which are outstanding, as at the reporting period are translated at the closing exchange rates and the resultant exchange differences are recognised in the statement of profit and loss.

Non-monetary assets and liabilities denominated in foreign currencies that are measured in terms of historical cost are translated using the exchange rate at the date of the transaction.

2.13 Employee benefits
Short-term employee benefits

Employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and are recognised in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Defined contribution plans

Contributions to defined contribution plans are recognised as expense when employees have rendered services entitling them to such benefits.

Defined benefit plans

The employees' gratuity scheme is a defined benefit plan. The present value of the obligation under such defined benefit plans is determined based on actuarial valuation using the projected unit credit method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.

The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plans, is based on the market yields on government securities as at the reporting date, having maturity periods approximating to the terms of related obligations.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through other comprehensive income (OCI) in the period in which they occur. Remeasurements are not reclassified to the statement of profit and loss in subsequent periods.

In case of funded plans, the fair value of the plan's assets is reduced from the gross obligation under the defined benefit plans, to recognise the obligation on net basis.

When the benefits of the plan are changed or when a plan is curtailed, the resulting change in benefits that relates to past service or the gain or loss on curtailment is recognised immediately in the statement of profit and loss. Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The company recognises gains/ losses on settlement of a defined plan when the settlement occurs.

Compensated absences

The liabilities for earned leave are not expected to be settled wholly within twelve months after the end of the reporting period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method as determined by actuarial valuation. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating the terms of the related obligation. Remeasurements as a result of experience adjustments and change in actuarial assumptions are recognised in the statement of profit and loss. The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

Termination benefits

Termination benefits are expensed at the earlier of when the company can no longer withdraw the offer of those benefits and when the company recognises costs for a restructuring. If benefits are not expected to be settled wholly within 12 months of the reporting date, then they are discounted.

2.14 Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Company as a lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the company is classified as a finance lease.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased asset or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term unless the payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases or another systematic basis is available.

Company as lessor

Leases in which the company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on a straight-line basis over the term of the relevant lease unless the payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases or another systematic basis is available. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the company's net investment in the leases. Finance lease income is allocated to accounting periods to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

2.15 Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs directly attributable to the acquisition, construction or production of a qualifying asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. All other borrowing costs are expensed in the period in which they are incurred.

2.16 Income tax

Income tax expense comprises current and deferred tax. It is recognised in the statement of profit and loss except to the extent that it relates to a business combination, or items recognised directly in equity or in OCI.

Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted, at the reporting date in the country where the company operates and generates taxable income. Current tax assets and liabilities are offset only if there is a legally enforceable right to set it off the recognised amounts and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Minimum Alternate Tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The company recognises MAT credit available as an asset only to the extent that there is convincing evidence that the company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. The company reviews the 'MAT credit entitlement' asset at each reporting date and writes down the asset to the extent the company does not have convincing evidence that it will pay normal tax during the specified period.

Deferred tax

Deferred tax is provided using the balance sheet method on temporary differences between the tax base of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;

Taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

2.17 Financial instruments

Financial assets and liabilities are recognised when the company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired.

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling financial assets.

Financial assets at fair value through profit or loss

Financial assets are measured at fair value through profit or loss unless they are measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in statement of profit and loss.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received net of direct issue cost.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Impairment of financial assets

The company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the assets carried at amortised cost and FVTOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 35 details how the company determines whether there has been a significant increase in credit risk.

For trade receivables only, the company applies the simplified approach permitted by 'Ind AS 109 - Financial instruments', which requires expected lifetime losses to be recognised from initial recognition of the receivables.

2.18 Fair value measurement

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities based on the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as;

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

2.19 Provisions and contingencies

A **provision** is recognised when the company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made. Contingent assets are neither recognised nor disclosed in the financial statements.

2.20 Earnings per share (EPS)

Basic earnings per share is computed by dividing profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the year. The Company did not have any potentially dilutive securities in any of the years presented.

2.21 Cash dividend to equity holders

The company recognises a liability to make cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

2.22 Government grant

Government grants are recognised at their fair value when there is a reasonable assurance that the grant will be received and company will comply with all attached conditions.

Government grants relating to income are deferred and recognised in the statement of profit and loss over the period necessary to match them with costs that they are intended to compensate and presented within other income.

Government grants relating to purchase of property, plant and equipment are initially recognised as deferred income at fair value and subsequently recognised in the statement of profit and loss on a systematic basis over the useful life of the asset.

2.23 Recent accounting pronouncements

Ministry of Corporate Affairs (“MCA”) through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment Rules, has notified the following new and amendments to Ind AS which the Company has not applied as they are effective from April 1, 2019:

Ind AS 116 – Leases

Ind AS 116 will replace the existing leases standard, Ind AS 17 Leases. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessor. It introduces a single, on-balance sheet lessee accounting model for lessees. A lessee recognises right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. The standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17. The Company will adopt Ind AS 116 effective annual reporting period beginning April 1, 2019.

Ind AS 23 – Borrowing Costs

The amendments clarify that if any specific borrowing remains outstanding after the related asset is ready for its intended use or sale, that borrowing becomes part of the funds that an entity borrows generally when calculating the capitalisation rate on general borrowings. The Company does not expect any impact from this amendment.

Ind AS 28 – Long-term Interests in Associates and Joint Ventures

The amendments clarify that an entity applies Ind AS 109 Financial Instruments, to long-term interests in an associate or joint venture that form part of the net investment in the associate or joint venture but to which the equity method is not applied. The Company does not currently have any long-term interests in associates and joint ventures.

Ind AS 103 – Business Combinations and Ind AS 111 – Joint Arrangement

The amendments to Ind AS 103 relating to re-measurement clarify that when an entity obtains control of a business that is a joint operation, it re-measures previously held interests in that business. The amendments to Ind AS 111 clarify that when an entity obtains joint control of a business that is a joint operation, the entity does not remeasure previously held interests in that business. The Company does not currently have any control of a business that is a joint operation.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of instrument is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

KINETIC ENGINEERING LIMITED
Notes to financial statements for the year ended March 31, 2022
Note 35 Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk ;
- Liquidity risk ; and
- Market risk

(A) Credit risk

Credit risk arises from cash and cash equivalents, deposits with banks, security deposits, as well as credit exposure to outstanding receivables.

Credit risk management

The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and other financial instruments. For banks and other financial institutions, only high rated banks/ financial institutions are accepted. The balances with banks, loans given to employees, security deposits are subject to low credit risk and the risk of default is negligible or nil. Hence, no provision has been made for expected credit loss for credit risk arising from these financial assets.

Trade receivables

Credit risk arises from the possibility that customer will not be able to settle their obligations as and when agreed. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, analysis of historical bad debts, ageing of accounts receivable and forward looking information. Individual credit limits are set accordingly. The credit risk is considered low given the past experience of negligible or minimal write-offs.

The ageing of trade receivables are as follows:

	Rs. In Lakhs	
	March 31, 2022	March 31, 2021
Not past due date	2,667.20	2,498.75
Past due 1–90 days	204.87	32.63
Past due 91–180 days	49.21	6.20
Past due more than 180 days	131.99	180.03
Total Trade receivables	3,053.27	2,717.61

(B) Liquidity risk

Liquidity risk is the risk that the Company may encounter difficulty in meeting its obligations. The Company monitors rolling forecast of its liquidity position on the basis of expected cash flows. The company has obtained fund based / Non-fund based working capital facilities from banks.

Exposure to liquidity risk

The tables below analyse the Company's non-derivative financial liabilities into relevant maturity group based on their contractual maturities:

44. LUNA

India at 75: 'Hamara Bajaj' to Luna - 15 brands that you will never forget

It called for some furious pedalling while still perched on its stands and then it'd come to life. And the rider would go: "Chalmeri Luna!"

The 50cc lightweight — and liberating — bike became a heavyweight of sorts in the 1970s and '80s. It was India's first moped, and was soon a household name as it revolutionised commuting for the middle-class, and especially for women. Their sari pallus firmly tucked at the waist or their dupattas safely tied at the back, they'd go flying on their Luna — off to office or to ferry their kids from home to school and back. At one point, about 90 per cent of Luna's users were women.

Before it, there was nothing like Luna. Introduced in India in 1972 by Kinetic Engineering, the Pune-based Luna was marketed in the US as Kinetic TFR, while the original Luna was a licensed copy of Piaggio Ciao moped. Its unique ad campaign focused on ordinary Indians who were moving towards progress. As emission norms tightened in the country, Luna died a slow death. Its production ended in the 2000s, following which the Kinetic Group exited the moped market in India.

12. ARUN FIRODIA

Innovation on two wheels

“We wanted to make a small contribution to the social transformations taking place in India in the '70s. With cities growing, people found it difficult to commute on bicycles. We felt it was the right time to introduce a low-cost vehicle

that would provide mobility. While the Luna gave mobility to the common man, the Kinetic Honda gave mobility to women,” said Arun Firodia, chairman, Kinetic Group, in an interview. The Luna, the first indigenous moped, was an instant

success. Also credited with introducing one of the ultra-modern scooter models in India in a joint venture with the Honda Motor Company, Firodia put affordable mobility within the reach of the masses.

The Kinetic was among the first companies to come up with e-scooters. Firodia has been instrumental in setting up the auto cluster in Pune, which provides expertise to SMEs in the automotive and engineering sector.

CONGRATULATIONS TO KINETIC Chairman: Arun Firodia & Luna on 75TH Independence Day!
